# Metamask

Step 1: Click MetaMask logo on the browser to open the Extension -> select `Network` -> select `Custom RPC` as shown below:

Step 2: When Settings screen pops up, enter the following information:

- Network Name: `TomoChain Testnet`
- New RPC URL: `https://testnet.tomochain.com`
- ChainID: `89`
- Symbol: `TOMO`

Settings ✕

‹ **Networks**

Network Name

> TomoChain Testnet

New RPC URL

> https://testnet.tomochain.com

ChainID (optional)

> 89

Symbol (optional)

> TOMO

Step 3: Scroll down then click **Save** to connect to TomoChain Testnet.
